

The following patents for Nitrokarburering (WO2011009463)**A method of activating an article of passive ferrous or non-ferrous metal prior to carburising, nitriding and/or nitrocarburising**

National number	Country	Status
13384689	US	Granted
2010734902	Europe	Published
201080032685.8	China	Granted
2012520909	Japan	Granted
2012105919	Russia	Granted
617/DELNP/2012	India	
	Brazil	Pending
	Singapore	Granted

The following patents for Argon Cooling (WO2013159781)**Method for solution hardening of a cold deformed workpiece of passive alloy, and a member solution hardened by the method**

National number	Country	National status
2013726673	Europe	Granted
2869018	Canada	
14397373	US	Published
2015507380	Japan	Granted
	China	Granted
	India	Published
	South Korea	Pending

The following patents for Lock Washer (WO2015173380)

National number	Country	National status
2016565645	Japan	Pending
1020167035260	Korea	Pending
2015724577	Europe	Published
15310916	US	Published
	China	Pending
	India	Pending

The following patents for SuperExpanite (WO2012146254)**Method for solution hardening of a cold deformed workpiece of passive alloy, and a member solution hardened by the method**

National number	Country	National status
2012721749	Europe	Granted
2013148155	Russian	Granted
2014506760	Japan	Granted
2012247863	Australia	Granted
14113720	US	Granted
2833579	Canada	Pending
	Brazil	Pending
	China	Granted
	India	Pending
	South Korea	Granted
	Malaysia	Published
	South africa	Granted
