

RoHS (Directive 2011/65/EU and amendment 2015/863/EU) STATEMENT

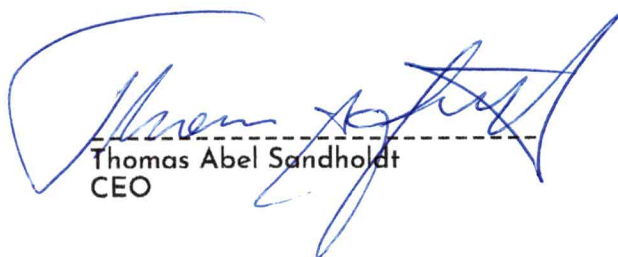

Expanite develops and offers thermal and surface treatments on metallic materials, for a wide range of applications.

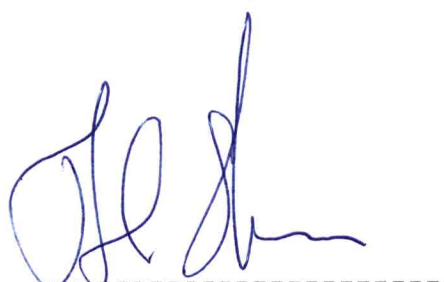

Expanite hereby declares that the following substances are not used or produced during our processing:

Restricted substances	Maximum Threshold
Cadmium	0
Mercury	0
Hexavalent chromium	0
Lead	0
Polybrominated biphenyls (PBB)	0
Polybrominated diphenyl ethers (PBDE)	0
Bis(2-ethylhexyl phthalate (DEHP)	0
Benzyl butyl phthalate	0
Dibutyl phthalate (DBP)	0
Di isobutyl phthalate (DIBP)	0

Which are all regulated by directive 2011/65EU in connection with restrictions for the use of dangerous substances (RoHS) - with additions and including directive EU/2019/1846.

This statement covers the demands in the so called "RoHS 2", "RoHS 3" and "RoHS 10."
